

IMPLANTOLOGY AND SWEDEN & MARTINA

30 years
of experience in the
dental sector

Present in

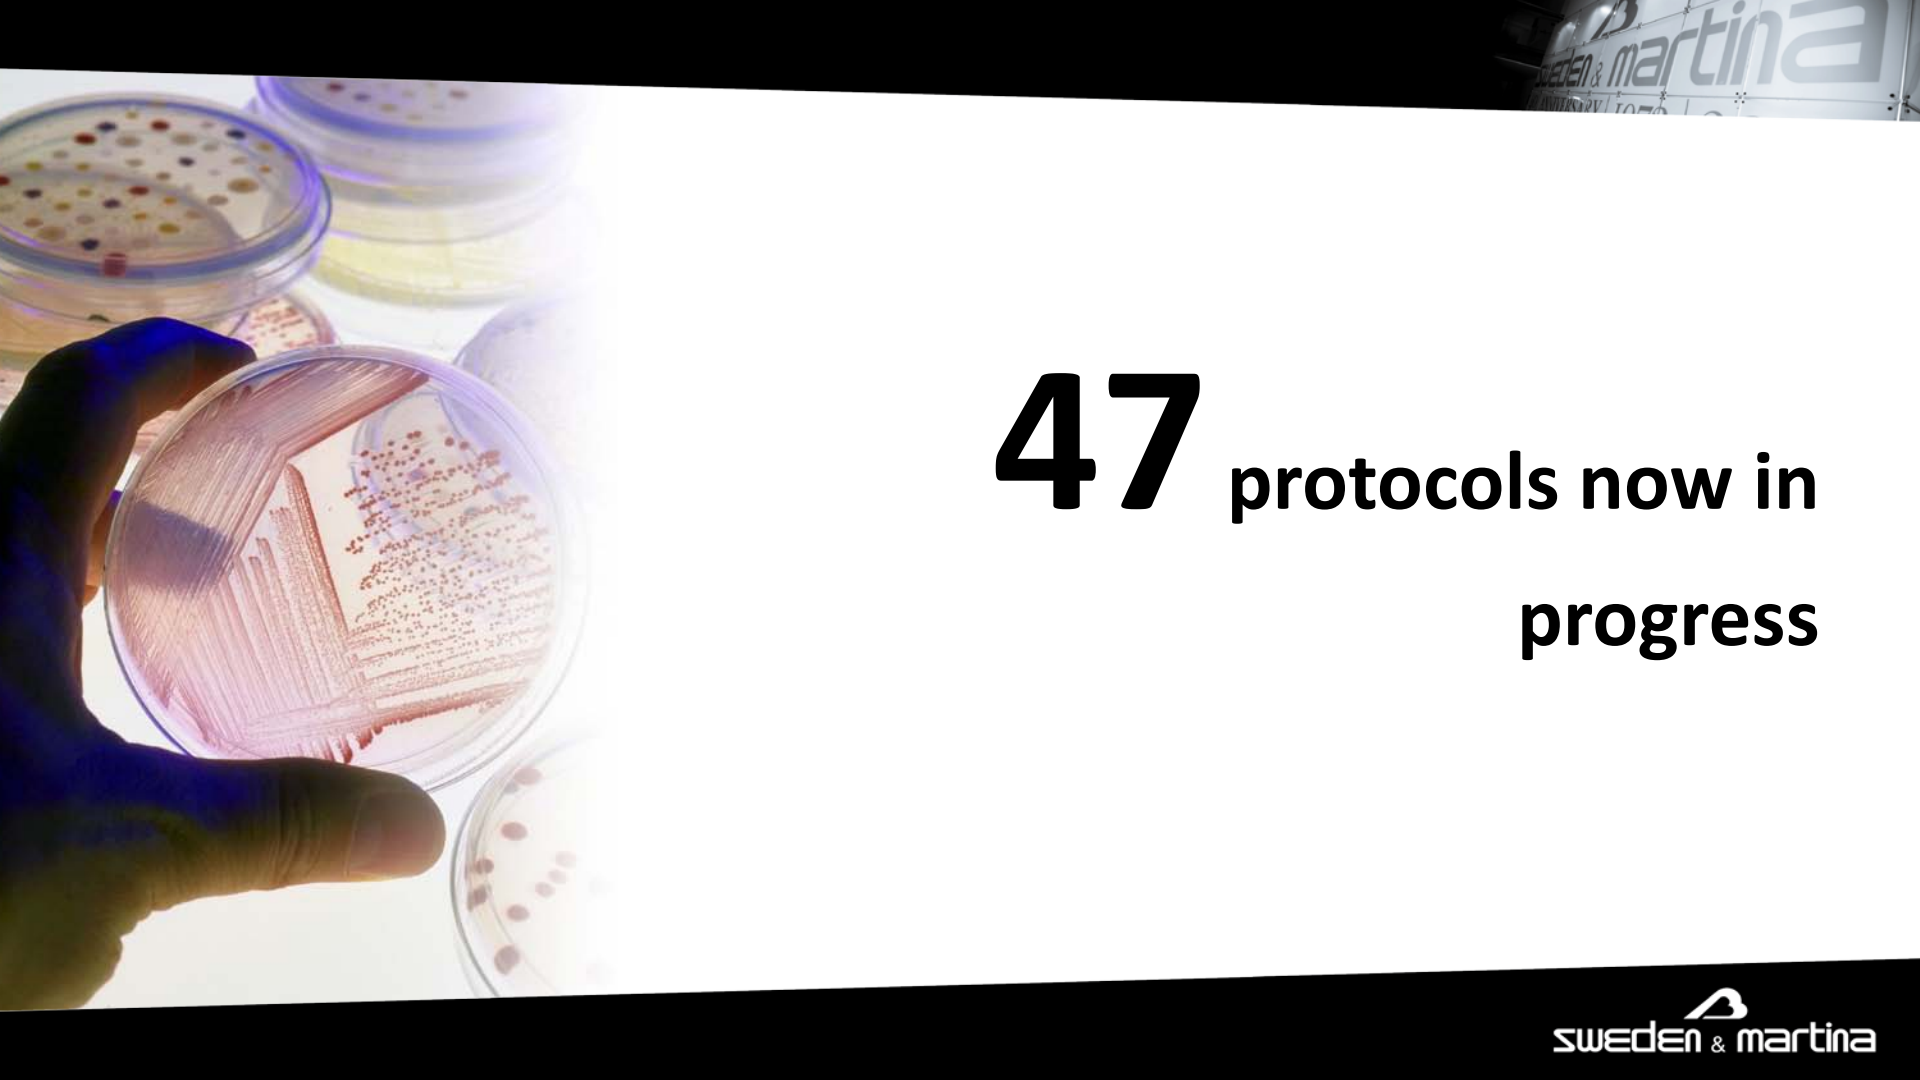

18 countries

A microscopic view of tissue, likely a histological slide, showing numerous small, dark blue-stained cells scattered across a lighter, yellowish-tan background. The cells appear to be densely packed in some areas and more sparse in others. The overall texture is granular and fibrous.

Over **15** years of
scientific evidence and
clinical success

Over **200**
publications, most in
impacted journals

47 protocols now in
progress

Over

2 million

clinically used implants

100%

quality control of the
production phases

**A collaboration network
with the most important
universities**

A photograph of two dentists in a clinical setting. They are wearing blue surgical gowns and light blue surgical masks. The dentist in the foreground is wearing white gloves and is focused on a patient's teeth. A dental microscope is visible in the lower left. The background is slightly blurred, showing other people in blue gowns. The text is overlaid on the right side of the image.

**Continuing Dental Education:
Complete and qualified
training program for
dentists and dental technicians**

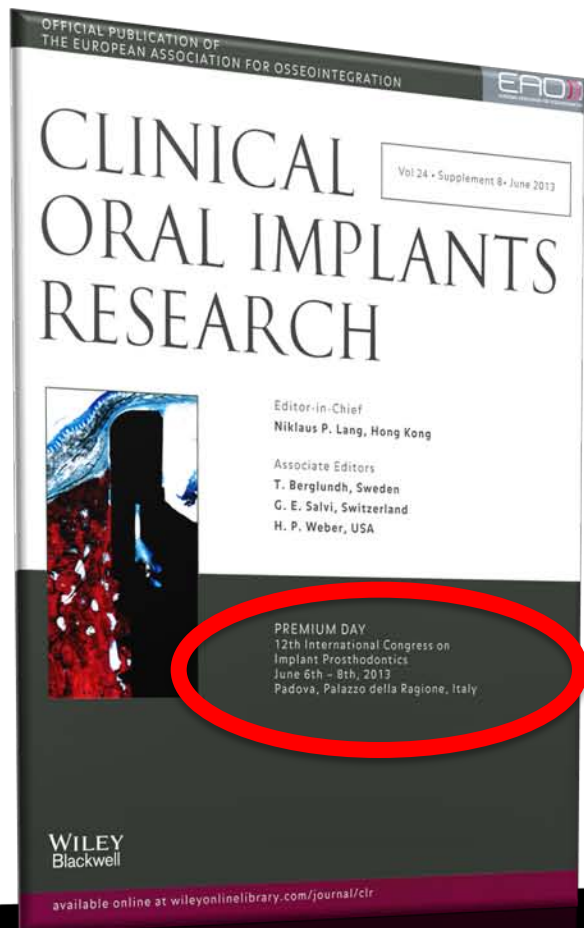

**Present at the most
prestigious international
congresses**

**Premium Day:
International congress
that attracts**

more than 1000

participants

**Premium Day 2013:
Acts of the congress
published as a
supplement to**

C.O.I.R

Sweden & Martina is present in: Italy, Spain, France, Germany, Portugal, Greece, Turkey, Syria, Netherlands, Serbia, Slovenia, Croatia, Peru, Colombia, Cuba, Saudi Arabia, Kuwait, Arab Emirates
